

# Mountain Middle School

is a leader in progressive education.

To succeed in the 21st century, today's students need to become creative, critical thinkers who can work in teams to solve complex problems.

- As a public school** we offer a free education to students chosen via a random lottery – enrollment is non-selective.
- As a charter school** our teachers enjoy the freedom and flexibility to design compelling lessons in small classes where they can personalize instruction.
- As a project-based learning school** our students engage in relevant, hands-on learning that they call *interactive, fun, hard-working* and *exciting*.

EDUCATION IS A JOURNEY, NOT A DESTINATION.
